

Reinforce Your Child's Learning Over the Summer!

For more information visit our website at www.summerskills.com

Dear Parent/Guardian,

It is proven that children lose skills learned the previous year during the summer months. To help your children retain their skills this summer, your school is promoting a series of easy-to-use summer review books.

Our *Summer Math Skills Sharpener* books have been featured in the *Washington Post* and have been purchased by **millions of parents in 10,000 schools** across the country. Based on National Standards, these books will help reinforce concepts learned this year, identify areas needing additional review, boost your child's confidence, and prepare your child to excel in the new school year.

Each of our books is designed to be completed in 15-30 minutes, 3 times per week for 10 weeks. **Generally the grade level just completed is ordered**; however, you and your child's teacher can determine which grade level would be most suitable.

Summer Math Skills Sharpener Books: (Introducing Pre-K Math)

- 15 review books for Pre-K through 8th grade, Prealgebra, Algebra I, Geometry, High School Math* and Math for Life**.
- Each lesson gives students practice in a mix of skills.
